#M14
(14" O.A.L., 1.5 Lbs.)

Superior quality, heavy duty snips are only 1/3 the weight of steel types and give many more years of service. Comfortable, sleek contour aluminum handles have reinforcing ribs to duplicate the strength of steel. Handles will not spring when cutting heavy gauges of sheet metal. Inlaid blades are a supreme cutlery grade moly steel, electronically heat treated and tempered for continuous use. Precision ground, beveled cutting edges stay sharp longer and make pattern and circle cutting an easy job.

- Strong & lightweight with inlaid steel blades
- Resharpenable blades that replace easily when necessary
- Metallic gray, black enamel finish
